RFQ and sourcing management

Store Management

1. Directly access the International business platform (global.epec.com) or complete user login by redirecting through the Chinese platform (www.epec.com).

The screenshot shows the EPEC.com login page. The username field contains 'wzxieqh' and the password field is masked with dots. The 'Sign in' button is highlighted. Below the login fields, there is a checkbox for 'Keep me signed in', a link for 'Forgot your password?', and a link for 'Join Free'. At the bottom, there is a section for 'Other ways to login' with a Sinopec logo and the text 'login with Sinopec unified identity account'.

Store Management

2. On the homepage, select 'Member Center' in the top right corner, then choose 'As Supplier' and click on 'Store Management.' Click 'Apply' to enter the site information editing page, where you can select multiple languages, including English, Spanish, and Russian

The screenshot displays the EPEC.COM Member Center interface. At the top right, the 'Member center' link is visible. A dropdown menu is open, showing options for 'As Buyer' and 'As Supplier'. Under 'As Supplier', 'Store Management' is highlighted with a red box. A red arrow points from this box down to the 'Apply' button at the bottom of the page. On the left sidebar, under 'My Business', 'Store Management' is also highlighted. The main content area shows a 'Store Management' heading and a storefront icon. At the bottom, a message states: 'You have not set up your store. Please select store language to start apply'. Below this, there are three language options: English (checked), Russian, and Spanish. The 'Apply' button is highlighted with a red box.

Store Management

You have not set up your store. Please select store language to start apply

You can choose any of the three languages shown below to complete your store information. You only need to complete this procedure once. For any language that you have not chosen, the platform will provide translation services free.

☒ EN English ☐ RU Russian ☐ ES Spanish

Apply

Store Management

3. Users need to sequentially fill in basic information, company overview, trade capabilities, and other required details. Upon entering the information entry interface, maintain the tab content and site basic information. Fields marked with * are mandatory; if they are not filled in, validation will not pass, and the next step cannot be performed. After completing the site information entry, click the 'Save & Next' button for data validation. If the validation is successful, the page will proceed to the next tab for continued data maintenance. (Clicking the 'Back' button allows you to return to the previous tab to modify information.)
