

## Cookies Policy

### I. What are cookies

Cookies are small files that some websites or applications stored on your device. They help the website remember information about your visit to the website or application, so that you may access that website or application more easily again. A cookie typically contains the name of the domain name that generated the cookie, the validity period of the cookie, and a randomly generated unique number or other identifiers. Cookies also contain information about your device, such as user settings, browsing history, as well as history of your usage of a website or application.

The cookies described in this Policy also contain cookies similar technologies, including:

- Website beacons or pixel tags, that are tiny graphical files that contain a unique identifier enabling us to recognize when someone has visited our website, opened an e-mail that we have sent them and verify any clicks through to links within the email. We may use this information to determine the content of email that interests you more, to check if users who do not have our email open want to continue to receive it, etc.
- Tracking URLs that are custom generated links to help us understand where the traffic to the website comes from.
- Local storage which is a technology that allows websites to store and retrieve data from your browser. We use local storage to more effectively manage temporary storage of information about our website. You can control the use of local storage using your browser settings.

### II. Cookies that Epec uses

Epec's website may use cookies.

#### ◆ First-party cookies and third-party cookies

Cookies may be set by the website you visit (i.e. first-party cookies) or by a third party (such as the entity providing content or advertising or analysis services on the website) (i.e. third party cookies).

- **First-party cookies:** We will deploy some cookies in our website. When you visit our website, we may use cookies to automatically collect information about you so that you may use our website more easily. For example, we may adapt services that are more in line with your language habits for you according to the language preference set by your browser.

- **Third-party cookies:** Epec's use of cookies also contain cookie files stored on your device by third parties. For example, we may use third-party cookies to count the number of users of our website to help us better understand how often you use the product, what happens within the product, and the overall audience profile of the user community, so that we may analyze trends, manage the website, and track user behavior on the website.

- ◆ **Session cookies and persistent cookies**

- **Session cookies** are temporary cookies. We use session cookies to remember you during the course of your visit to the website, and they expire or will be removed when you close the web browser.
- **Persistent cookies** are used to remember your preferences within the website. They will remain on your device after you close your browser or restart your computer. We use persistent cookies to analyze user behavior in order to improve our website functionality for you and others who visit our website. These cookies also allow us to serve you with targeted advertising and measure the effectiveness of our site functionality and advertising. Persistent cookies contain expiration dates. After the expiration date, the cookie will be removed from your device.

- ◆ **Types of cookies that we use**
